**HAVE A GREAT SUMMER!**

Thanks for eating with us this year.  
We look forward to seeing you

Generally, the plate diagram above provides fantastic advice on how to fill your plate. But can you name one of the best things you can eat or drink that isn't even on the plate? Give up? **IT'S WATER!** Kids should try to drink about 6 to 8 8-ounce servings of water a day. Try having water instead of soda or other high-calorie, low-nutrition drinks as often as possible!
